

STUDENT SUCCESS STORY

Ajay Sharma

02

STUDENT PROFILE

Name: Ajay Sharma

Training: Networking & Real-Time Industry Training

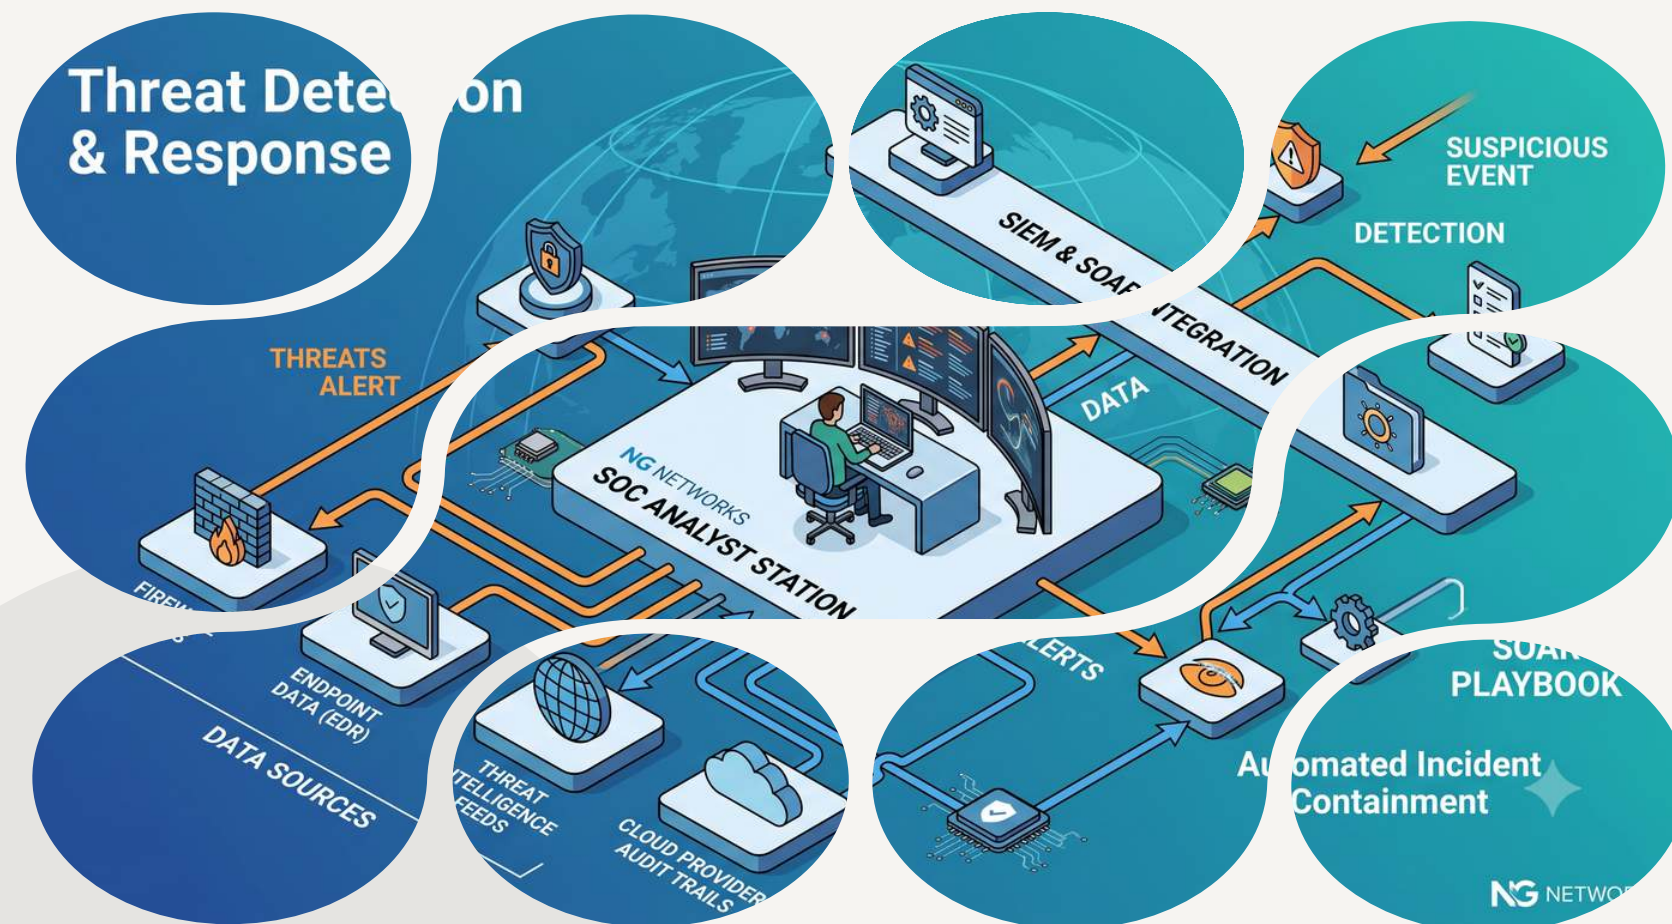

Placed At: Eclerx, Mumbai

Package: 9.8 LPA

BACKGROUND

03

Ajay Sharma decided to build his career in the networking domain and began exploring training programs that could provide both technical knowledge and practical industry exposure.

After learning about NG Networks, he was particularly interested in the program's focus on screening and real-time training.

The training approach started from the fundamentals, making the concepts easier to understand and gradually progressing toward practical industry scenarios.

This helped Ajay build the confidence required to face technical interviews and understand tools used in professional environments.

Despite facing initial rejections, Ajay continued improving his preparation and eventually secured an opportunity with Eclerx in Mumbai at ₹9.8 LPA.

CHALLENGES

04

Ajay's journey involved overcoming several challenges while transitioning toward a stronger networking career.

Building Technical Foundations

Developing a clear understanding of networking concepts starting from the basics.

Understanding Interview Expectations

Learning how to approach technical interview questions and prepare for different interview scenarios.

Initial Rejections

Overcoming setbacks after facing rejections during the early stages of the job search.

Practical Industry Exposure

Understanding how technical knowledge is applied in real-world professional environments.

Learning Ticketing Tools

Gaining familiarity with tools and processes used in company environments, including platforms such as ServiceNow.

WHY NG NETWORKS?

05

1. Training From Scratch

The concepts were explained from the fundamentals, making the learning process accessible and structured.

2. Screening Sessions

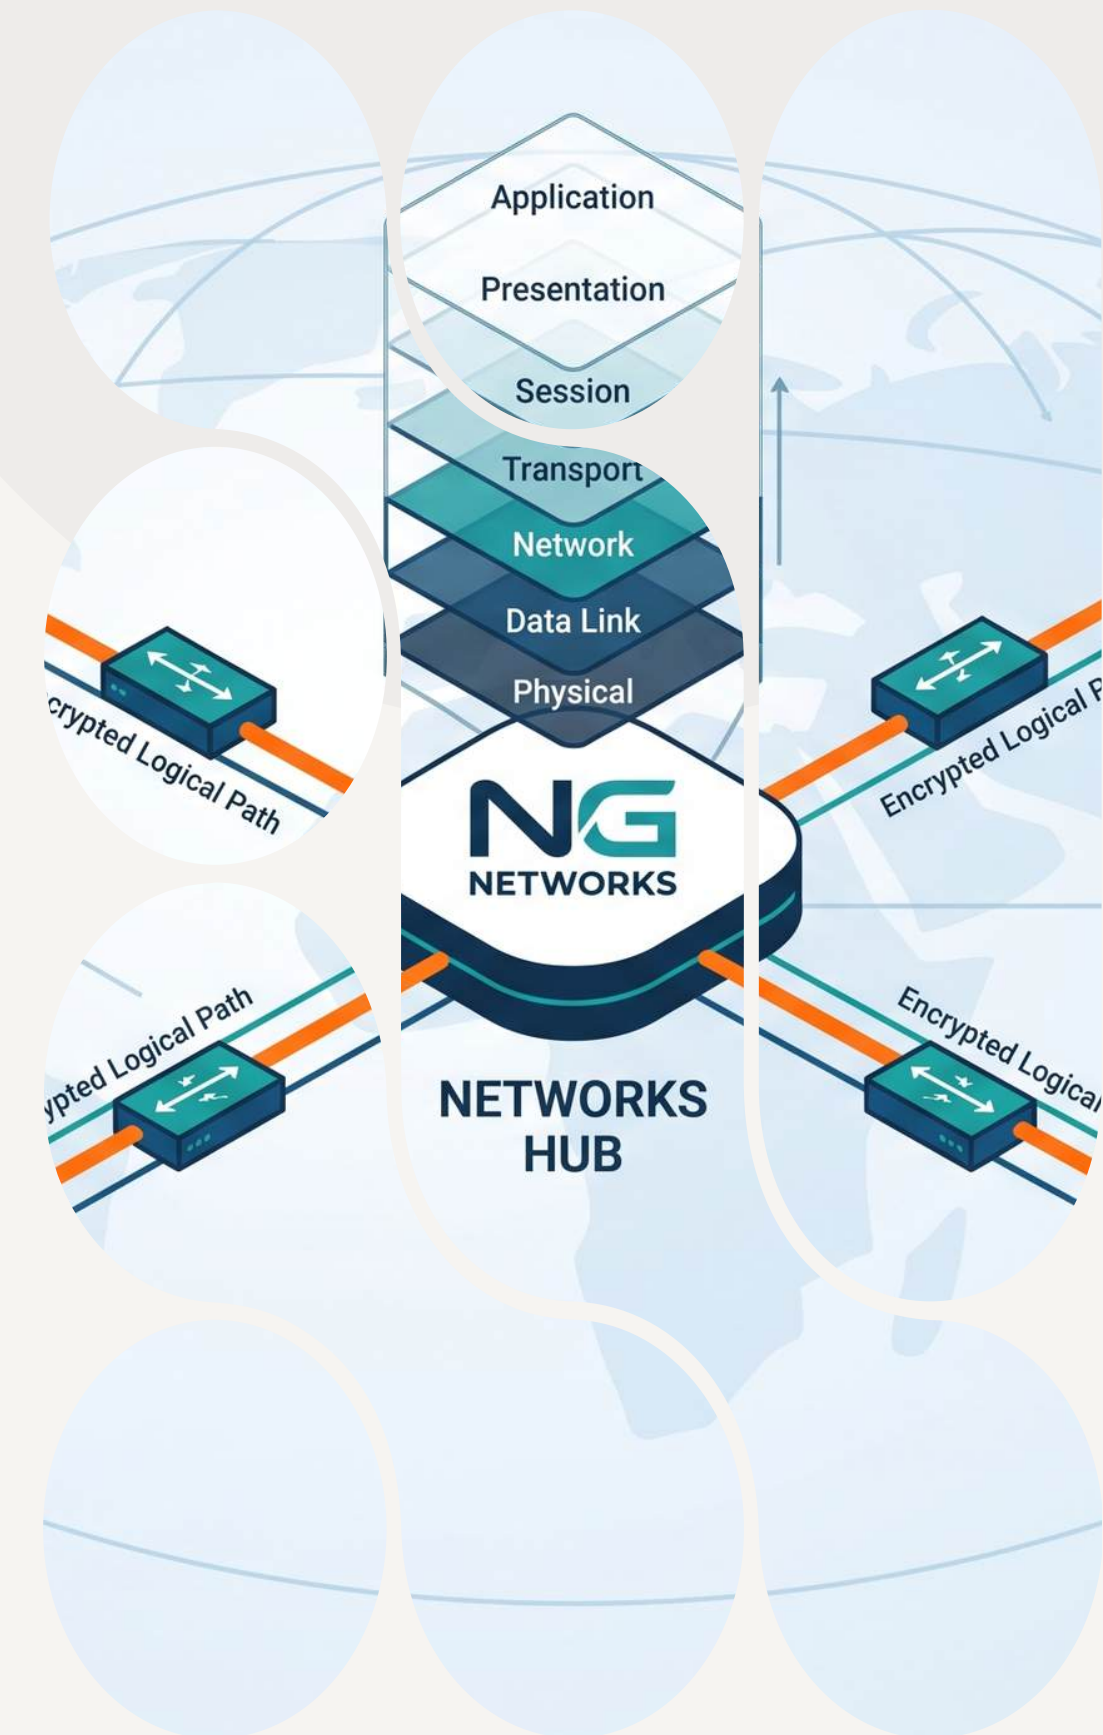

Regular screening helped Ajay evaluate his technical understanding and prepare for interview expectations.

3. Real-Time Training

Practical training provided exposure to scenarios that candidates may encounter in professional environments.

4. Interview-Focused Preparation

The training helped prepare Ajay for technical questions and situations that could arise during interviews.

LEARNING JOURNEY

06

Ajay's training journey focused on developing a strong technical foundation and gradually connecting that knowledge with real-world industry requirements. It includes Networking Fundamentals, Concepts Explained From Scratch, Technical Training, Real-Time Industry Training, Interview Preparation, Placement Opportunities

07

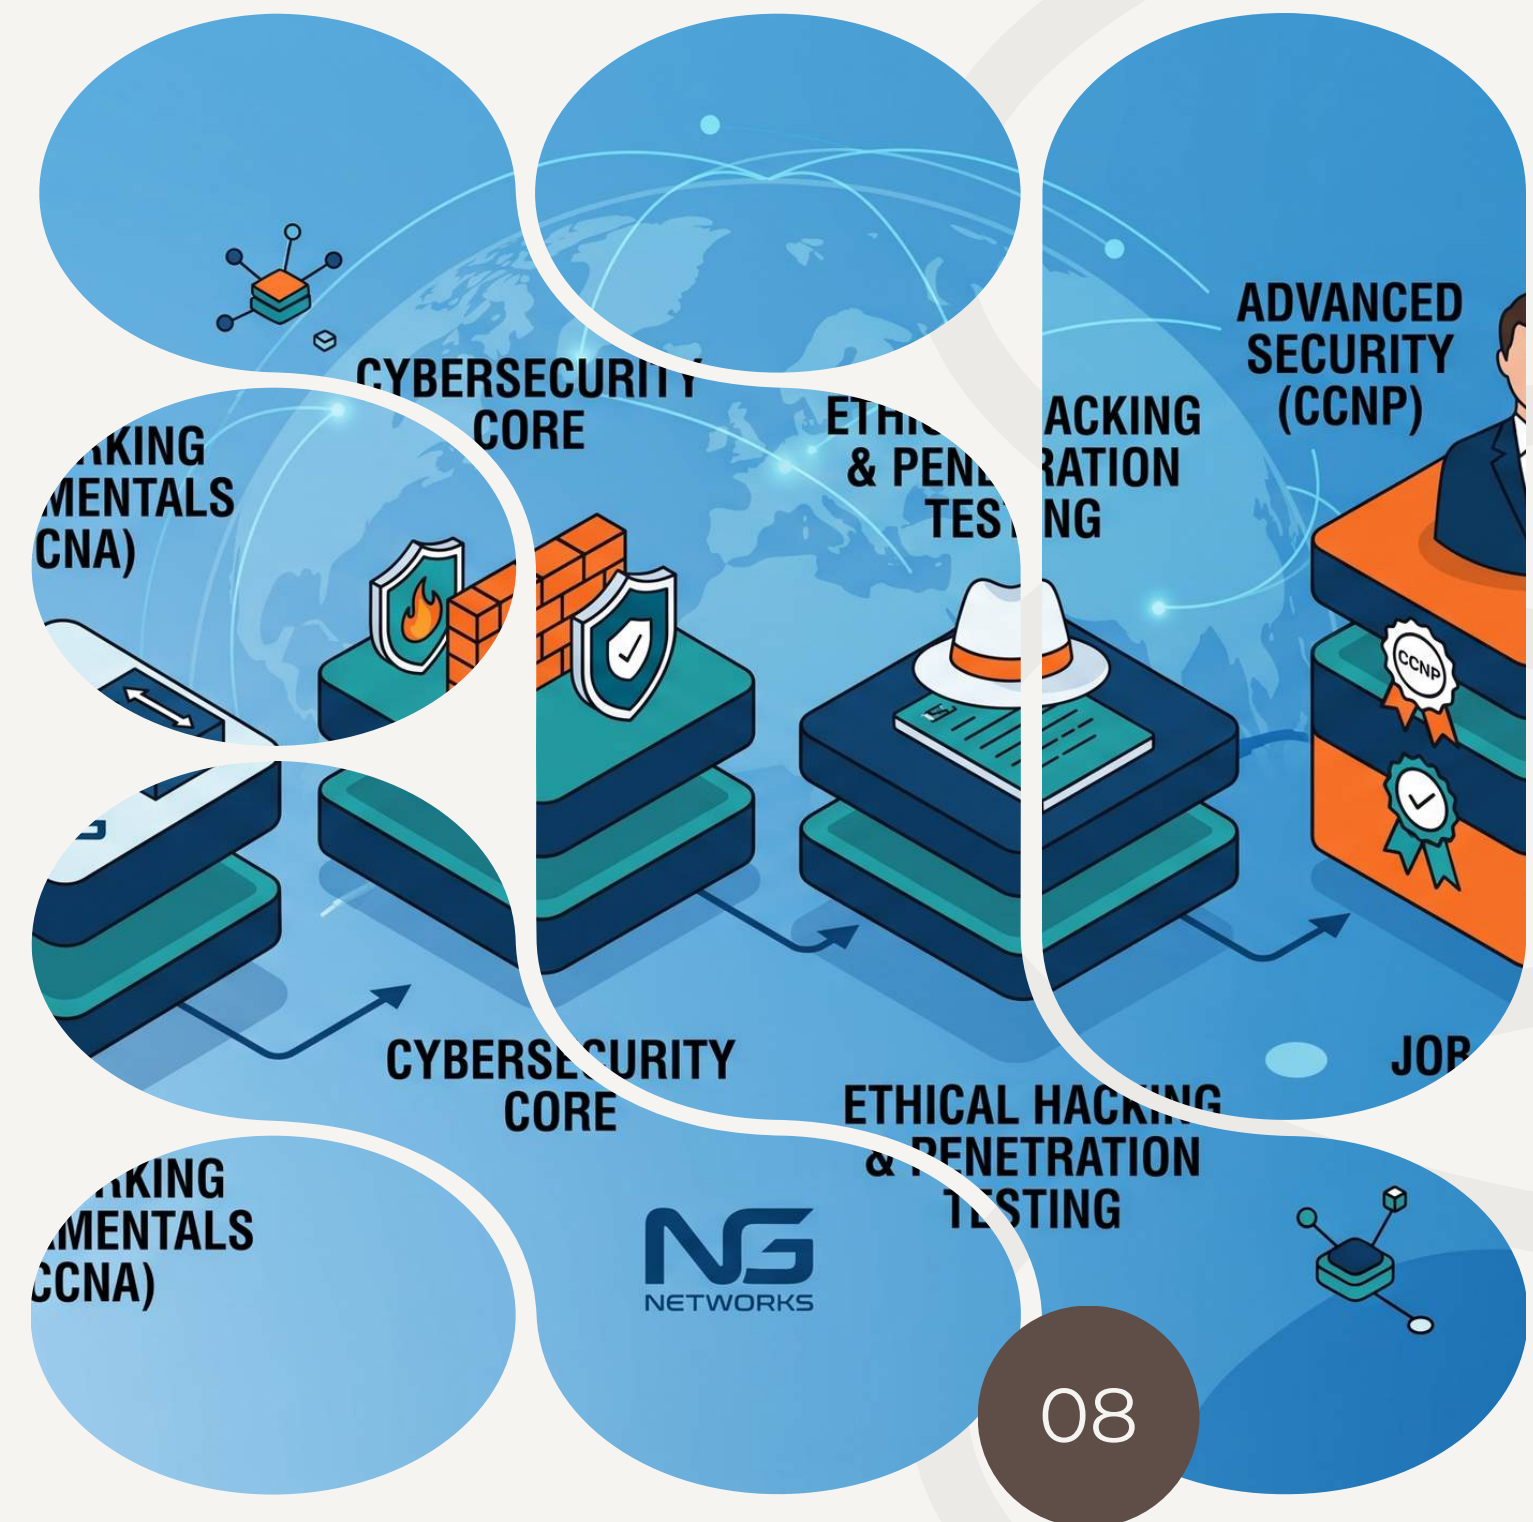

TRANSFORMATION

Ajay's journey highlights the importance of staying consistent even after facing initial setbacks. From Building Technical Knowledge, doing Real-Time Training to Successful Selection in Eclerx, Mumbai

PLACEMENT SUCCESS

Ajay Sharma successfully secured a ₹9.8 LPA placement at Eclerx, Mumbai, after continuing his preparation despite initial interview rejections.

STUDENT TESTIMONIAL

The training experience was fabulous. The concepts were explained from scratch, and the screening and real-time training were especially valuable for interview preparation.

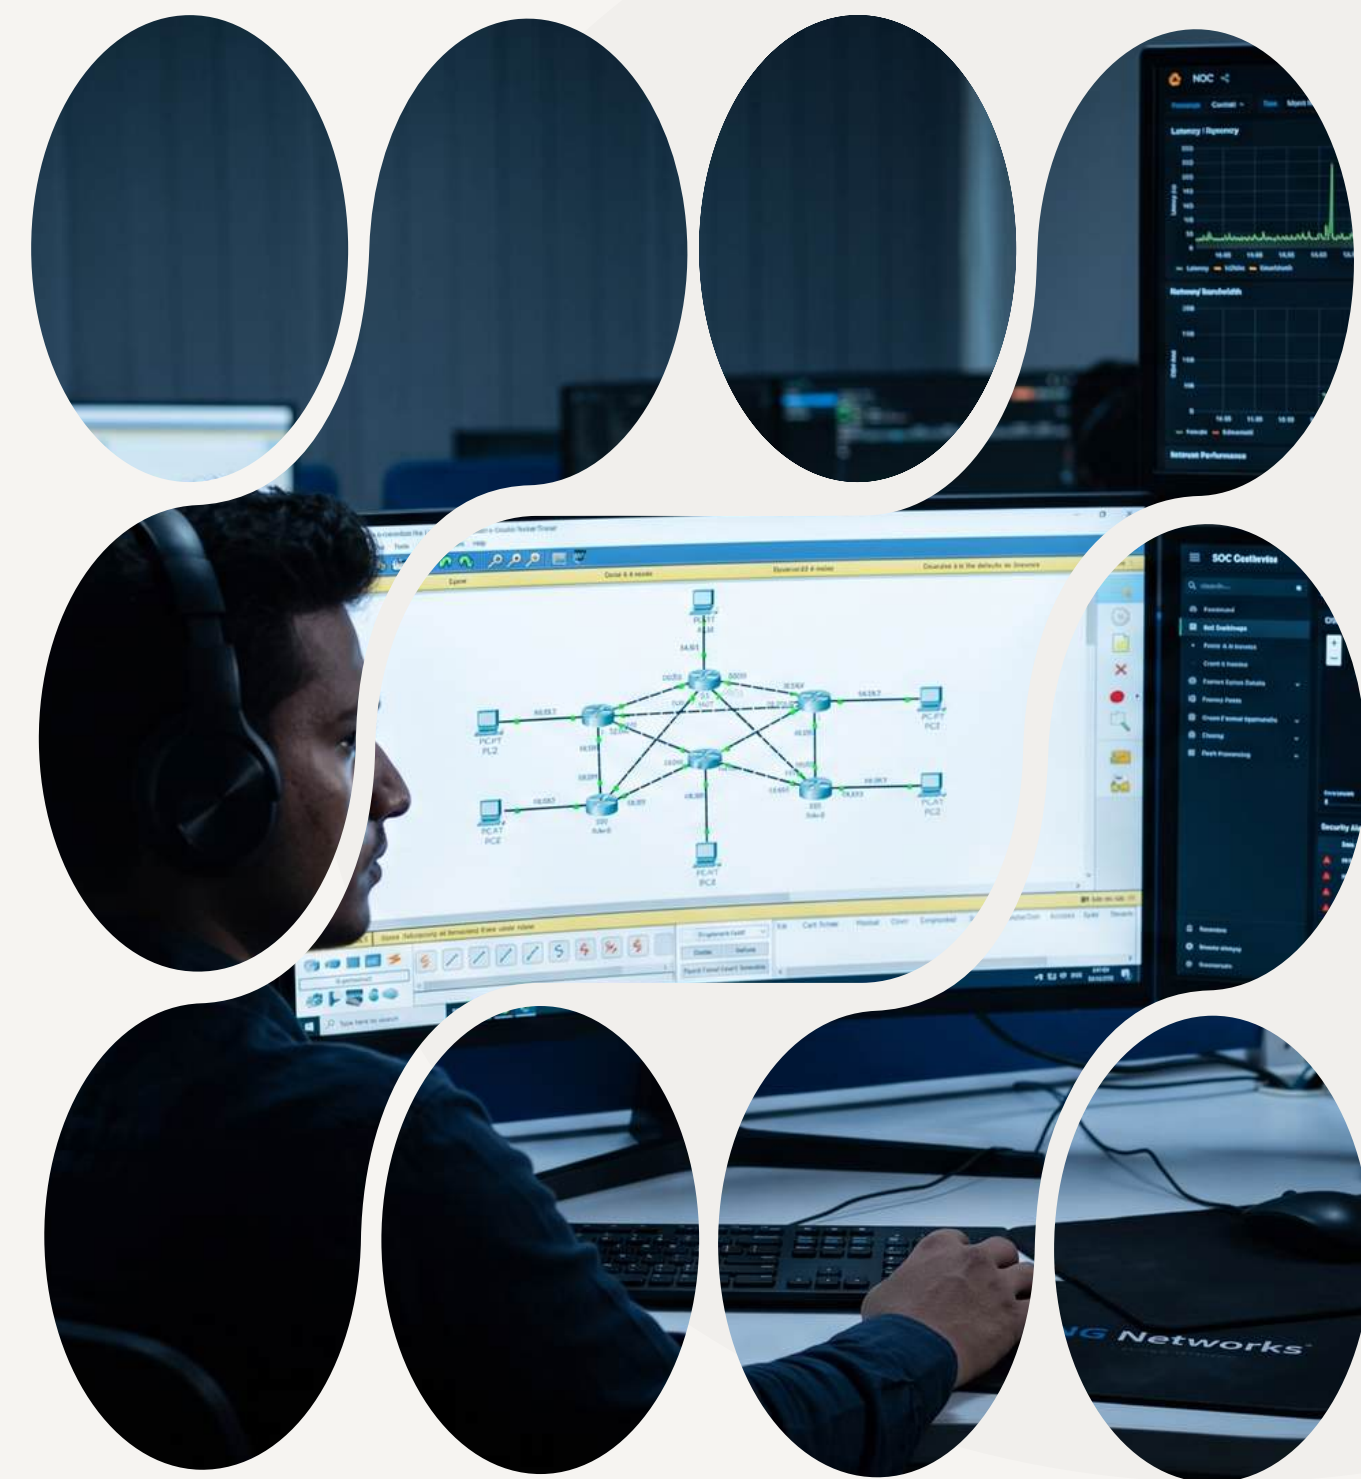

On Training

Ajay appreciated that the trainers started with the fundamentals and explained concepts in a way that made them easier to understand.

On Real-Time Training

Ajay highlighted real-time training as one of the strongest aspects of the program because it connected technical learning with practical company environments.

Successfully placed at Eclerx, Mumbai, with a ₹9.8 LPA package.
